Trumbull, Connecticut, Feb. 8 -- Nationally known therapist and author, Dr. Fred Bader, will host a revolutionary new Lifestyle/Reality television show, *The LOVE Doctor*, designed specifically around his own exclusive program of Love counseling.

Few people have enough love in their lives. Both famous celebrities and everyday people have Love issues – and not only with their significant others. Many also need more Love from friends, family members, and co-workers. On his new show, Dr. Fred will teach simple lessons designed to enhance life by attracting more Love into it.

Dr. Fred, of Trumbull, Connecticut, has been a practicing Love therapist for the past 35 years. On "The LOVE Doctor", he will meet with both the famous and the non-famous who have Love issues and teach them how easy it is to manifest Love into all of their relationships. The show's creator, Roxanna Bain, announced that he will teach celebrities and other participants how to bring more Love into their lives from family, friends, peers, significant others, and yes, even themselves.

By using Dr. Fred's exclusive Love Delivery System, his clients experience immediate healing results ~ every time ~ by learning simple techniques using words, gestures, and actions. Whether working with individuals, couples, or a large group, Dr. Fred helps them all find happiness, peace, and more Love ~ guaranteed!

Dr. Fred explains that, "Love Counseling is an insightful approach to help you remember Love by reactivating the truth that Love is all around us from the moment we are born into this world. By relating to others around you with the recognition that you are capable of giving and receiving Love, you are empowered to heal yourself and the relationships that strengthen your life. Love Counseling, through the Love Delivery System, teaches you to Love, express, and create joy in your life and the lives of others."

The LOVE Doctor is *NOT* a match-making show. It is a relationship show designed to teach people that they do not have to continue to live without Love and miss out on a deeper dimension that Love brings. This Love Delivery System can easily be learned by children and their parents, brothers and sisters, friends, co-workers, spouses, and any other relationship, including the one people have with themselves.

*The LOVE Doctor* will offer viewers a fresh perspective on counseling and on their own need for Love. Dr. Fred presents with his own unique style opposite of Dr. Phil and other therapists seen on TV. Dealing with only one issue ~ Love ~ his laid back demeanor, outgoing personality, along with his sincere belief in Love will immediately capture the hearts of viewers around the world. They will Love his hands-on style of teaching when he jumps into the audience and showers people with hugs, kisses, and Love. After watching *The LOVE Doctor*, viewers will understand why "Love Is All There Is".
